

YOUNG  
SWEET  
LOVE  
*Hayley Goodhead*

## Hayley Goodhead

Hayley Goodhead's stylish and stylised images are inspired by all things contemporary – well-known brands, the colours and patterns of the fashion world, the modern love of the visual joke and, in her latest outing, the contemporary cult of the superhero.

Her creativity, technique and of course, her ability to tap into the zeitgeist have established her as a major voice in contemporary pop art and one of our most exciting rising stars.
