PERSONAL PORTRAIT  
OPPORTUNITY

## FABIAN PEREZ IS THE FOREMOST FIGURATIVE ARTIST OF OUR TIME

---

His acclaimed public and private portraits are highly prized by those fortunate enough to own them. They hang in personal collections in stately homes, presidential palaces, music studios and the Vatican, as well as in the homes of distinguished collectors from around the world.

His personal artistic movement, 'Neo-Emotionalism', continues to inspire a generation of art lovers, and to own a painting by Fabian Perez is to invest in a piece of art history. A painter of 'living legends', he has become a legend in his own right.

## SOCIETY PORTRAITS

◆ —————

When Fabian spent a weekend at Althorp, the famous family seat of the Earl and Countess Spencer, he unveiled this portrait he had painted of the Countess for the family's private collection.

# HISTORIC PORTRAITS

**Pope Francis**

Fabian was invited to the Vatican to personally present this portrait to Pope Francis; it is now in the Pontiff's private collection.

**President Mauricio Macri**

After painting former Argentinian President Mauricio Macri and his family, Fabian was commissioned to paint the President's official state portrait.

## PERSONAL PORTRAITS

Fabian paints a very small number of personal portraits. These intimate and beautiful works are both a stunning likeness and a deeply personal interpretation. Fabian paints from his soul at all times, and each portrait tells a story of his own response to the subject, in an expressive and emotional masterwork.
